## INTERNATIONAL SEARCH REPORT

International application No.

PCT/AU2004/001549

A.	CLASSIFICATION OF SUBJECT MATTER		
Int. Cl. 7:	C12N 7/02		
According to I	international Patent Classification (IPC) or to both	national classification and IPC	
В.	FIELDS SEARCHED		
Minimum docus SEE BELOW	mentation searched (classification system followed by cl	assification symbols)	
Documentation SEE BELOW	searched other than minimum documentation to the extent	ent that such documents are included in the fields search	ned
	base consulted during the international search (name of DLINE, CAPLUS, AGRICOLA	data base and, where practicable, search terms used)	
	S: baculovirus; larva?/helicoverpa/spodoptera	/anticarsia/autographa/anagrapha/lymantria/b	ombyx/buzura;
Large scale/s	cale up/bioreactor/commercial; biopesticide/b	pioinsecticide/pesticide/insecticide	
C	DOCUMENTS CONSIDERED TO BE RELEVANT		
Category*	Citation of document, with indication, where app	ropriate, of the relevant passages	Relevant to claim No.
<b>A</b>	Chakraborty, S. and Reid, S., 1999, Serial panucleopolyhedrovirus in <i>Helicoverpa zea</i> ce <i>Pathology</i> , <b>73</b> : 303-308.		1-12
. <b>A</b>	p. 307-308, <i>Discussion</i> Slavicek, J. M. et al., 1996, Isolation of a ba polyhedra production stability during serial <i>Invertebrate Pathology</i> , 67: 153-160.  Whole document		1-12
X F	urther documents are listed in the continuation	n of Box C See patent family anno	ex
"A" documen	dered to be of particular relevance	ter document published after the international filing date or profilict with the application but cited to understand the principle of the invention	
	plication or patent but published on or after the "X" do onal filing date or	ocument of particular relevance; the claimed invention cannot r cannot be considered to involve an inventive step when the cone	
or which	t which may throw doubts on priority claim(s) "Y" do is cited to establish the publication date of in	concument of particular relevance; the claimed invention cannot avolve an inventive step when the document is combined with such documents, such combination being obvious to a person sk	one or more other
	t referring to an oral disclosure, use, exhibition	ocument member of the same patent family	tilled in the art
	t published prior to the international filing date than the priority date claimed		
	al completion of the international search	Date of mailing of the international search report	4 14 81 2005
17 December		Authorized officer	1 JAN 2005
	ng address of the ISA/AU PATENT OFFICE	Authorized officer	
PO BOX 200, V	VODEN ACT 2606, AUSTRALIA	SOPHINA CALANNI	
E-mail address: Facsimile No. (	pct@ipaustralia.gov.au 02) 6285 3929	Telephone No : (02) 6283 2038	

## INTERNATIONAL SEARCH REPORT

International application No. PCT/AU2004/001549

ategory*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
